

September 20, 2021

Dear Families and Friends:

A few months ago, we thought the Covid situation was winding down. All the Residents were vaccinated and we even dropped our masks. But as you know, Delta has changed the situation and we had a vaccinated staff member test positive on September 3.

Jennifer, our social worker, contacted the Resident families and now, we will resume these updates as needed.

Happily, the frequent testing of Residents and staff has been negative. Visits are again possible in the designated areas. We prefer that visitors be vaccinated.

We have not encouraged the Residents to attend outside group events and we cancelled the annual crafters fair this year. Our chapel is still closed to visitors.

The Annual Golf tournament went off well with the help of the internet, good weather and wonderful friends.

Hopefully, you are resisting this virus and continuing the recommended precautions.

Thanks again for your understanding and help. If you have concerns, please do not hesitate to contact the Little Sister who cares for your Resident (Sr. Regina, Sr. Mary, Sr. Joanna).

Gratefully,

Mother Genevieve & the Little Sisters
